WORK EXPERIENCE

MyTutor

Online tutor.

London, UK

February 2023 - Present

- Successfully conducted engaging and interactive online tutoring sessions for GCSE and A-Level students in Biology, Chemistry and Maths.
- Created customized lesson plans and educational materials tailored to individual student, enhancing their understanding of complex scientific concepts.
- Fostered a supportive and motivating educational atmosphere, encouraging students to develop a keen interest in sciences and pursue academic excellence.
- Maintained clear and effective communication with students, providing regular updates on academic progress and offering strategies for improvement.

Aon

Internship

London, UK

June 2023 – August 2023

- Completed a rotation in the marine, cargo, and energy claims department.
- Facilitated one-on-one meetings with underwriters, brokers, and average adjusters to gain a comprehensive understanding of their respective roles in the claims process.
- Utilised these meetings as opportunities for professional development and to bridge the gap between theory and practical application in claims management.
- Actively participated in discussions aimed at unraveling the intricacies of the insurance industry, enhancing my knowledge base.
- Accompanied my manager to a critical meeting with an underwriter to discuss and resolve a challenging claim.
- Collaborated with a team of fellow interns to develop and execute a promotional campaign for Aon's BRG mental health seminar.
- Demonstrated effective communication, teamwork, and problem-solving skills while working collectively to achieve project milestones.
- Participated in regular meetings, brainstorming sessions, and collaborative decision-making processes to implement marketing strategies.
- Demonstrated a commitment to mental health awareness and employee well-being through active involvement in this initiative.

Asda

Assistant

London, UK

November 2019- February 2023

- Learned how to effectively deal with difficult situations that arise in the workplace regarding customers as well as colleagues.
- Acquired excellent communication skills through frequently interacting with customers as I currently work as a self-checkout colleague.
- Gained more insights on how a fast-paced business operates and developed advertising strategies.
- Actively listened to customers' requests, confirming full understanding before addressing concerns.

Kith and Kids charity

Volunteer

London, UK

September 2019 - January 2020

- Organised fun interactive activities for kids and young adults with autism.
- Gained excellent communication skills by finding alternative ways to communicate with kids who were unable to talk.

KFC

Cashier

London, UK

June 2019 - November 2019

- Stepped into additional roles during busy times to boost coverage of important stations.
- Helped the team meet expected demands by restocking work areas throughout the restaurant such as server stations, salad bars and supply cupboards.

EXTRACURRICULAR

Co-Captain at King's College Women's Football Club

London, UK

April 2023 – May 2024

- Collaborate with Co-Captain and team coach to develop game plan strategies and provide valuable insights to enhance team's performance.
- Act as mediator when conflicts or issues arise within the team. Work together to find solutions that promote unity and a harmonious team atmosphere.
- Collaboratively support the skill development of individual team members. Provide constructive feedback and guidance to help them improve their performance.
- Foster a strong sense of unity and team spirit. Organize team-building activities or events to strengthen relationships among team members.
- Participate in community outreach and engagement activities, representing the team positively within the university and the broader community.
- Effectively manage my time to balance my academic commitments with my responsibilities as Co-Captain.
- Organize and coordinate team activities, including practices, games, and events.
- Ensure that the team follows university, league, and sport governing body rules and regulations.
- Promote fair play and good sportsmanship.

Brightnetwork's Couch to Coder

London, UK

August 2024 – September 2024

- Participated in an intensive coding program where I mastered HTML and CSS, focusing on building scalable websites and designing maintainable layouts.
- Gained hands-on experience with advanced HTML elements like forms, links, and tables, and learned the fundamentals of The Box Model.

Languages

- English (fluent)
- Dutch (fluent)

Skills

- JavaScript, Python (Self-taught through Harvard CS50, Brightnetwork, freeCodeCamp)
- HTML, CSS (Brightnetwork bootcamp)
